I want the Federal Communications Commission to limit the number of radio and/or  $\operatorname{\mathsf{tv}}$ 

and/or newspapers a company is allowed to own and/or control -- I want the limits  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +$ 

REDUCED so companies DO NOT have a "controlling effect" on mass media. If the Federal Communications Commission fails to do this then you are NOT operating in the best interest of the public. Thank you.
